

ODDONO'S GELATI ITALIANI

Award Winning Fresh Natural Gelato

Oddono's Gelati Italiani was set up in London in 2004, offering customers fresh, natural Italiano gelato. Everything is produced from scratch, with no prepared ice cream mixers, only the finest of natural ingredients are used: fresh milk, cream, butter and different types of sugar, and they source most of the other ingredients from Italy (Hazelnuts from Piedmont, Pistachios from Sicily). They don't use any colourings, preservatives or GM products.
