About Us

Founded in 2003, our early years were spent educating the UK on the joys of Chocolate Fountains, undertaking over 800 events per year at our peak!

After the infamous 'Chocolate Fountain Crash of 2007', we purchased two retro Ice Cream tricycles, added our magic special ingredient of clever design, stylish colours and top quality food and drink products, and from there flowed the development of 'probably the largest and most diverse range of food tricycles in the world.' We now have 25 tricycles!!

Based in Battersea, we work regularly with top Event Organisers, Caterers, Venues, Hotels and discerning private clients to provide a bespoke and professional service.

We can travel anywhere, and have been as far afield as Barcelona and Azerbaijan! Our tricycles look stunning, and add that extra 'WOW' factor to your event. Combined with friendly and professional staff, and the best food we can source, we offer a winning combination.

We look forward to working with you on your event in the future.

The Ideas Box Team.
