creative catering

for memorable events

*If you want to make your next event stand out, then
Ideas Box has got you covered!*

Based in Battersea, London, we're all about bringing a fun and exciting catering service to any private party, product launch, awards ceremony or big corporate get-together.

Working with event planners and event managers, we supply eye-catching mobile tricycles & stands, professional servers and quality food and drink that leave a lasting impression. You're in safe hands too - we've been doing this for 20+ years across hundreds of events.

With our vast range of over 40 different product offerings, we're sure there's something here that will tickle your fancy!

coffee & hot chocolate

Our bespoke mobile coffee stands, trikes and carts have been expertly designed with style and practicality in mind.

We source quality equipment and utilise the very best coffee beans from our local roastery here in Battersea to ensure the highest quality end product. We also offer a range of refreshing speciality Hampstead Teas and a mean hot chocolate, alternative milk options are available, as well as a range of delicious Monin syrups.

Digital *coffee* bars

Outstanding mobile coffee services in London

Introducing our brand new Digital Coffee Bars – the ultimate centrepiece for your event. Designed in elegant French Oak and adorned with a top-of-the-range Elektra Barlume Espresso Machine, these mobile coffee bars are more than just a conversation starter!

We have two models available to hire. At the heart of each sits either a 65-inch or 55-inch ultra high-definition flat screen, allowing you to project your own content, branding, videos, or live messaging directly to your guests. Whether it's a product launch, corporate event, or private party, you control the story they see. Available in thirteen different colours.

Espresso printing

We can print logos, messages and even selfies on top of your beverages live at an event.

The coffee printer has proven to be very popular in this media crazy age, with guests posting pictures all over the internet. The printer uses edible ink to bring to life your design on any beverage with a frothy top; be that a cappuccino, espresso Martini or a cool pint of Guinness.

A straightforward and simple branding tool with proven results that gets people snapping and sharing your message.
